# What we do

**Represent and defend** the interests of associations before public and private institutions

**Support, advise, coordinate** and disseminate the work carried out by owners associations in the fields of forest planning and management

**Encourage the establishment** of forest owners associations, strengthen ties between the federated associations and establish exchanges of information between them

# What we do

Develop the **valorisation of new forest** products and services

Concentrate the supply of forest products, and market them together, through the **Association of Forest Producers Boscat Fusta**

**Encourage the establishment** of forest owners associations, strengthen ties between the federated associations and establish exchanges of information between them

# What we do

# Catalan Federation of Forest Owner Associations **BOSCAT**

**Thank you for you attention**
